

OPENING YOUR INNER SIGHT

A UNIQUE 9-WEEK PSYCHIC DEVELOPMENT COURSE

**Your ability to see beyond physical sight is a natural function of your soul.
Psychic comes from the word "psyche", which means soul.**

WHAT IF....

You were able to see through the experiences that life brings your way....leaving you wiser?

WHAT IF....

You could understand why you have these experiences.....leaving you free of worry?

WHAT IF....

No matter what you could remain tranquil, calm and at peace?

It has been said that we use 5% of our brain. The same could be said about how much of the picture we see here on earth. Understanding why we attract what we do comes from the unseen or hidden side of life. Yet we think and act like we know what is going on. What we cannot see is where the answers will be found. Huna means secrets.

Gaining sight is like climbing a mountain. As we climb higher the more we see. And so it is with us, and the opening of our inner sight. We are multi-dimensional beings! Our Higher Self, our True Self sits above us in perfect love, calm, peace and joy. It holds our divine plan and patiently, eternally waits for our return home. It has been said throughout the ages all answers are found within, and so it is. This course is designed to bring you a greater connection to Source, thus a greater sight.

Each class consists of an hour of Mystery School knowledge; then an hour of hands-on, practical developmental exercises. You will also receive life-changing tools that will enable you to understand and create more with love, in harmony and without fear (**False Evidence Appearing Real**), in these ever changing and uncertain times. It is our plan and purpose to live this way.
